## TIME FOR A TIMING BELT?

Approximately every 7 years or 100,000 miles your Timing Belt will need to be replaced or Major Engine Damage could be in your future.

**Q: Why not change just the belt?**

**A:** It just doesn't make sense. A new timing belt with a 100,000 mile water pump, and drive belts that are old and brittle . . . your taking a chance and jeopardizing all of the investment you would have just made.

We at Carmichael Honda strongly suggest that a Timing Belt Kit is installed, which includes a new Timing Belt, Balance Belt (if appl), Water Pump, Drive Belts and Coolant.

Many other retailers will advertise "timing belt only" prices and then surprise you with additional charges once your engine is disassembled. Although we don't recommend replacing the timing belt only, here are a few of the most popular models with both repairs listed for comparison purposes.

### Timing Belt - Belt Only Repair

1998-2002 Accord 4 cyl	<b>\$349.00</b>
1998-2002 Accord 6 cyl	<b>\$379.00</b>
2001-2005 Civic	<b>\$259.00</b>
1997-2001 Crv	<b>\$349.00</b>

### Timing Belt - Complete Repair

1998-2002 Accord 4 cyl	<b>\$599.00</b>
1998-2002 Accord 6 cyl	<b>\$699.00</b>
2001-2005 Civic	<b>\$449.00</b>
1997-2001 Crv	<b>\$569.00</b>
